A historic place you visited

I visited one of the greatest historic places in India, the Taj Mahal in Agra. I went there with my mum and dad. It is very huge in size. I studied about Taj Mahal at school, I had also seen its pictures. But watching it with the eyes was like a dream came true. It was built by Shah Jahan around 1630s. He built it as a gift to his wife, Mumtaz Mahal. This history made it more interesting. It took around 22 years to build. People think that Shah Jahan cut off the hands of the workers who built it so that no similar building could be built. However, this is one of the most interesting historic places.

Subject : A job I like

Dear Kamal,

I'm happy to send you this email. How are you? There are many important jobs. The police officer's job is to keep us safe. I think the job of a doctor is the most important one. He/She tries to keep us healthy. I look forward to becoming a doctor. He/She always looks after ill people and tries to find out why they are ill or what hurts them. If he/she understands their illness, he/she gives them the right medicines to feel better. Doctors want to make sure that all people feel healthy. We shouldn't forget the nurse who helps doctors. He/She has an important role to keep us healthy. See you soon.

Yours.

Mahmoud
